

# Helping in Haiti

Special to the Record-Eagle

Susan Koenig, of Beulah, helps with an eye exam during a recent trip to Haiti, right. Three area residents were on a team that went to the earthquake-torn Caribbean nation and worked in a rural eye clinic.

Dr. Marty Arkin, owner of Bay Eye Associates in Traverse City, who operates a weekly clinic at Paul Oliver Memorial Hospital in Frankfort, made his third trip to Haiti. Above, he works on a patient.

Koenig and Arkin, along with Dr. Dennis Pace, of Scarbrough Family Eyecare in Beulah, went with a group organized by the St. Boniface Haiti Foundation. In five days, the group saw 1,174 patients and performed 18 eye surgeries.
